RE: Hilton Garden Inn – El Paso, Texas

We want to congratulate Valiant Products Inc. for their unrivaled efforts and hard work on the Hilton Garden Inn project in El Paso, Texas. The purpose of this letter is to formally commend you for the excellent service that was provided to EBCO General Contractor, Ltd. on a project with an aggressive schedule and complex installation scope. In our opinion, the level of service that you extended to our company was above our expectations.

In a recent post construction meeting your company was identified as a key member to the successful completion of this project. Your company was graded in this meeting on 6 different categories and as a result of the grading your company received an "A" grade. This isn't an easily achievable mark and you were among very few on this project to receive this grade.

We at EBCO General Contractor, Ltd. would like to say **Thank You** for all your hard work. These projects were a continuation of a very good relationship, and as such, we are very happy to have your professional and dedicated team on board. We look forward to continued combined success!

Best Regards,

Chris Bush, Project Manager
